SUPPLY CHAIN AND LOGISTICS SPECIALIST

I'm a dedicated and detail-oriented Inventory Controller with over 3 years of experience working in inventory management, warehousing, logistics, and procurement in the FMCG industry. I'm skilled at maintaining accurate stock levels, streamlining procurement processes, and using ERP systems to keep everything running smoothly. I've got hands-on experience with audits, resolving discrepancies, and implementing process improvements that reduce costs and improve overall efficiency. I'm also great at organizing and communicating with different departments, ensuring smooth collaboration across departments.

WORK EXPERIENCE

Dispatch and Logistics Coordinator - Browns Food Co (FMCG) (Oct 2023- Aug 2024)

- Maintained a detailed log of every product going in and out of the dispatch store using excel ensuring that product variance remained at a minimum, at the same time maintaining optimal stock levels and forecasting supply-demand needs that helped avoid stockouts and overstocking.
- Managed the storage, dispatching and distribution of goods simultaneously optimizing fleet routes for cost efficiency and timely deliveries of goods to clients across East Africa.
- Ensured compliance with all cold chain logistics and industry regulations due to the fact that we were handling temperature sensitive products.
- Supervised daily loading and offloading operations, ensuring accuracy in order fulfillment. ensuring a 98% customer success score.
- Created logistics performance dashboards, tracking key metrics like fuel efficiency, Maintenance cost and delivery success rates. this helped in identifying vehicles and drivers that required rotation to different routes in order to maintain the integrity of the work force.

Production Supervisor - Browns Food Co (FMCG) (Jan 2023- Oct 2023)

- Managed daily cheese production operations, ensuring adherence to quality, efficiency, and safety standards.
- Collaborated with logistics and supply chain teams to align production output with demand planning.
- Analyzed production metrics and reports, identifying opportunities for continuous improvement.

Junior Financial Analyst - Fricity Capital (Jan 2022- Dec 2022)

- Assisted in preparing financial models, forecasts, and reports to support investment and lending decisions.
- Developed loan pricing models, ensuring profitability and risk mitigation.
- Maintained accurate loan performance and portfolio risk tracking using Excel and SQL-based analytics.

Junior Inventory Analyst (Internship) - Horizon Procurement (Mar 2021 - June 2021)

- Assisted in maintaining an accurate inventory record in the ERP system, including tracking stock transactions, deliveries, and supplier communication.
- Conducted daily stock checks and assisted with monthly audits, contributing to a 98% accuracy rate in inventory records.
- Provided key reports to the Sales and Finance Departments, ensuring clear communication of stock status, including product availability and procurement needs.
- Improved warehouse organization procedures, leading to a 25% increase in retrieval efficiency.
